**07.19 Community Association Report.**

Suggestion of bringing the toilet provision forward to begin 1<sup>st</sup> April, due to the fact the excellent weather meant the playground had been used and at times had been ‘packed out’.

Dog waste bins- formally requesting a further bin and the subsequent servicing of, on the cardigan road, location suggested by the notice board. SY happy to carry it forward and to ask the relevant department.

Association were informing us of a project they are looking into – an extension in the way of a conservatory.

Association have asked county councillor to clarify the county councils role and responsibilities with regards to the play area and insurances.

The litter pick that had been organised was going to be postponed due to the village looking quite clean at present.
