With close ties to Saundersfoot spanning nearly four decades, my roots in the community run deep. Having resided here for the past decade, my commitment extends beyond mere residency. Volunteering at various community events and with a range of organisations, I have actively worked towards enhancing the local fabric, fostering a sense of unity, and contributing to the well-being of the village.

Driven by a passion for community betterment, I joined the council to leverage my experience as a secondary school leader. With a proven track record of effective leadership, I aim to contribute my skills towards fostering collaboration and implementing positive changes for the collective benefit of our community.

Joining the community council has allowed me to actively contribute to decision-making, promote positive change, and represent the interests of the community I am proud to serve.
