

CORRESPONDENCE/CYFATEBIAD + e-mails continued

N/P explanatory letter and map showing existing and proposed new footpath route through Trewern farmland was carefully studied by Councillors. The diversion has been requested by the farm owners to avoid a public path passing between two buildings.

Councillors felt respect should have been given to the existing footpath before any new building was carried out, however, if the path is to be re-routed care must be taken to ensure it is entirely fit for purpose with clear signage.
