1036 County Councillors' report

Roch school will have 150 on roll by January 2015.

Work will be undertaken to improve passing places on Nolton lanes.

Consideration is being given to a relief road by-passing Newgale. Damage will be repaired on the roads used during the recent diversions and there will be a gradual upgrading or re-prioritization of another route.

1037 Flashing Speedlights

Clerk read out advices received from Solva Community Council and Llandewi Velfrey Community Council regarding their experiences of implementing flashing speedsigns. It was felt by some councillors that perhaps improved road markings may prove just as effective. Councillor J Adams suggested contacting the Safety Camera Partnership GO SAFE about adopting Roch for safety monitoring.

1038 Review of educational provision in the St David's area

Councillors felt it is very important that 11-16 education is maintained in St Davids and that it may be worthwhile looking at the catchment areas' and primary provision into the school as well. However as far as the Nolton and Roch community council is concerned Roch primary school is thriving and we would expect the provision to be maintained within the village.

1039 Items for the next Agenda

Annual Audit of Accounts
