

NEVERN CASTLE

Cllr. Peter Davies reported that Mr. Geraint Harries N/P is dealing with the repair/replacement of the direction posts and the picnic seat needing attention. Cllr. Davies reminded the Meeting that the N/P are responsible for the maintenance etc. of the Listed part of the site.

The need to trim/remove trees on the roadside etc. will be discussed at the May Meeting.

TYCANOL WOODS The Clerk was requested to contact Natural Resources Wales for an "update" on this site.

TREWERN ARMS

The Clerk was requested to read to the Meeting a letter delivered by hand from the Trewern Arms, Nevern. The letter contained allegations that verbal comments had been made by a Councillor whilst on the complainant's private property.

The Clerk sought the advice of Pembrokeshire County Council Code of Conduct Monitoring Officer who stated this was solely a matter for the Public Services Ombudsman for Wales.

The letter to the Council from the Trewern Arms appears to state they have already contacted the Ombudsman's office and been told to sort the matter out with this Council! This is incorrect and the Clerk has asked for more details i.e. copy of the Ombudsman's reply letter/e-mail.
