We warmly welcome you to our AGM

The Trustees and Management of Citizens Advice Pembrokeshire will give a report on the year's activities, our accountants will present the annual accounts and Sean O'Neill, Policy Director, Children in Wales, will deliver a presentation on Poverty and Social Exclusion - what is the reality in Pembrokeshire and what is being done at a national level to combat the impact on families and individuals?

We also invite you join us for refreshments and informative quiz to mark the **80th Anniversary** of Citizens Advice.

Whether you are in the public domain, a Pembrokeshire resident, a prospective volunteer or a local business, we would love to see you so we can all work together to better support the people of Pembrokeshire.
