This problem had been raised at the previous meeting. We are still awaiting the cost of a sign, D.Philpin agreed that he would get an estimate from a contact at PCC, for a sign saying “No parking beyond this point “ .This would be placed at entrance to the free car park hopefully to deter people from parking on either the beach or any of the turning bays.

2.Concern raised about cars parking on pavements.

This issue was discussed however as we have no authority to enforce any penalties to the public we believe it to be a police matter and therefore any individuals wishing to complain should report any specific cases themselves .
