Matters for discussion

Councilor Alison Kavanagh thanked Councilor Jonathan Williams for his quick response and repairs to the Sports Pavilion from the recent storm damage.

Councilor Steve Alderman updated the meeting on the continuing traffic concerns re Angle Road and the new road layout. He was unaware of the recent traffic incident involving 2 cars and was awaiting further information from Stephen Benger at PCC. HHe felt there was confusion to drivers re traffic speeds i.e Pembroke > Angle and Clay Lane > Angle Road 50mph in reverse 60mph. There are rumble strips but he didn't feel these were having much effect of drivers speeds. Concerned for mini bus when schools return as we have had a negative response to front and rear dash cams. Requested that both this council and Angle request the presence of Go Safe Wales 5.30am – 7.30am and 5.30pm – 7.30pm. Councilor Keith John advised that motorists are driving at speeds in excess of 80mph early mornings in Maidenwells, Councilor Jonathan Williams advised excessive speed of traffic through Hundleton early morning. The meeting felt the lack of traffic on the roads due to Lockdown restrictions may be a factor in these excessive speeds.

Councilor Steve Alderman advised the meeting re a new application for a Wind Farm at Chevraltan, these turbines are to be 20% taller than any previous and will be visible from Hundleton, he further raised concerns re South West Industrial Conduit(SWIC) that will be bringing large equipment to this area via the A40 and A477.

There is the possibility of the above 2 projects bringing much needed employment to this area.

There being no further business the Meeting closed

THIS WAS A ZOOM MEETING DUE TO COVID RESTRICTIONS
