Vaneus has reported that DCMS were not paying the full amount for eligible properties. AA has asked S Crabb to seek clarification on funding from DCMS. With gas boilers not being available beyond 2025, it seemed that cross-funding would not be possible and the project appeared to be dead in the water. AA will wait for Letterston to become one of PCC's priority areas for Broadband. [CLOSE]

21/05 PCC Report

MB reported that Hywel Dda have published a consultation about the new hospital and expressed concerns that it appeared to be done 'under the radar' on social media only and misleadingly entitled 'Building a better future after Covid-19', when what they were really seeking was views on a site for a new hospital between Narberth and St Clears. MB has contacted Hywel Dda to request a return to face-to-face consultation meetings, but this was not likely to happen. A seminar had also been requested. MB encouraged all to reply and offered to provide paper copies if required.

MB also noted that the Western Cleddau was the 2nd most polluted river in Wales for phosphates. Under the phosphate regulations it was going to be difficult to meet NRW planning restrictions for new builds in the western Cleddau catchment. This could affect future developments in the county. MB is due to attend a seminar on this and hoped to update the next meeting further.

The new PCC Chief Executive is due to start in September, with some informal online meetings before that.

BH queried if the investigation into the payout to the previous Chief Exec had been concluded. MB believes the report to be with the Audit Office and expects it to be published in the next few months.

- **21/07 One Voice Wales:** PW noted that each community council is required to have a nomination to represent their council on One Voice Wales. **P** HJ, **S** BH that PW take the role. PW accepted the nomination
- **21/08 Grass Cutting:** BH asked that the grass be cut by the bus shelter on the crossroads as visibility was starting to become impaired.
- **21/09 Moles:** GT mentioned moles on the commons. RD had already reported it.
- **21/10 Antisocial Behaviour:** SM reported that some youths were meeting up in the lane from Nantyllynnon onto St Davids Road after school (Ysgol Bro Gwaun) and some spray painting had taken place. Some persons believed to have been selling cigarettes to minors at the Commons. Police were aware and had been conducting patrols. MB will mention it to the YBG Headteacher and AA will keep an eye on the situation also.
