## **52.18 Community Association Report.**

**Nothing to report at this time**

**53.18 Other Business**

**a. Lands end – Cardigan Road.**

It is reported that there is considerably damage to the road, that needs attention.

**b. Dingle Lane**

There is an on going, ever evolving problem with the sewer/rainwater on the corner of Dingle Lane, in close proximity to Dingle Farm. Welsh water have been notified several times and have visited the site (last visit being @6 weeks ago) and the problem persists. There was a site visit during the most recent heavy rainfall and following this visit a traffic cone had been placed on top of the manhole cover in question. There is a theory that the rainwater must be entering the sewerage system, therefore overloading the system and when there is a presence of heavy rainfall, the sewer cover lifts and raw sewerage is pouring out onto the main road, running down the hill and entering the water system at the bottom.

It was proposed that a letter be written to welsh water explaining the situation and also our concerns for wildlife, environment and also people who walk down that part of the road.

**c. Community Councillor vacancy**

A letter of application was submitted to the chair at this evenings meeting, from G S Elcock for consideration.

He was attending the meeting as an observer.

After discussion it was proposed by D Lloyd and seconded by B Gillander. All in attendance agreed to the appointment.

Formal appointment will take place at the December meeting

**d. Remembrance wreath.**

It had been proposed that as this year was a commemorative year, 100 years, that the council might consider a donation, as well as paying for the wreath. It was agreed by all that we would donate £25 plus £25 wreath costs to the Royal British Legion, a total of £50 was given to D Lloyd. Proposed by R Moffat, seconded by B.Gillander.

**The meeting closed at 8.50pm.**

**The next meeting will be on 10<sup>th</sup> December 2018, 7.30pm**

Signed.....

Dated: 10<sup>th</sup> December 2018.
