Additional disclosure notes*

The following information is provided to assist the reader to understand the accounting statement and/or the Annual Governance Statement

1. Expenditure under S137 Local Government Act 1972 and S2 Local Government Act 2000

Section 137(1) of the 1972 Act permits the Council to spend on activities for which it has no other specific powers if the Council considers that the expenditure is in the interests of, and will bring direct benefit to, the area or any part of it, or all or some of its inhabitants, providing that the benefit is commensurate with the expenditure. Section 137(3) also permits the Council to incur expenditure for certain charitable and other purposes. The maximum expenditure that can be incurred under both section 137(1) and (3) for the financial year 2022-23 was £8.82 per elector.

In 2022-23, the Council made payments totalling **£1,185.00** under section 137. These payments are included within 'Other payments' in the Accounting Statement. **For Village Jubilee events in 2022 and Air Ambulance**

2. We are mindful of the comments made in the 2021-2022 audit report and have for the coming year REDUCED our precept to mitigate the reduced spending from our current account. However once again we continued to function without a paid clerk.

Monies have also been allocated for a notice board, which required a licence before proceeding, this did not come through until mid-March. Likewise, we have not received an invoice for last year's audit

Please note that the Community Council have yet to have the play park transferred via a CAT from the Local County Council. However, local residents and holiday makers continue to fund raise, resulting in this account continuing to grow. These funds are ring fenced for purchase of new equipment as soon as the community council can do so.

3. As part of a benefit fund the community has received a donation by an energy company bringing electricity to the national grid via our peninsula. With many more planning applications for offshore Wind Turbines in the Celtic Sea around this area, we would welcome advice on how best to manage any future benefit monies to secure a resilient community in the future.

We are beginning to consider how this money can benefit the community.
