INFORMATION RELEASE

A REQUEST FROM THE BBC

Go to <https://consultations.external.bbc.co.uk/bbc/tomorrows-bbc> for more information

The BBC writes

We want your views on the BBC and what it should do in the future.

Every ten years there is a review which considers what the BBC should do, which helps shape what it does in the future.

The Government has begun this process, which is called Charter Review, by launching a consultation.

At the BBC Trust, our role is to represent licence fee payers, and we want to ensure that your views are taken into account by the Government as it considers what the BBC of the future should look like. This is an opportunity for you to join the debate and to help shape the BBC.

We want to make sure that you have your say about the BBC now and how this might impact on **Tomorrow's BBC**.

There are 16 questions. Please answer as many or as few questions as you want.

If you are viewing this on a mobile phone, you can access the survey using a [mobile optimised version here](#).

To request a questionnaire in audio or braille please call 0800 0680 116 or Textphone 03700 100 212.

Data Protection

The BBC Trust will comply with the Data Protection Act when handling your response to this consultation

If you wish to take part in the survey follow the link below
