

NEVERN CASTLE MEETING REPORT - 9th NOVEMBER 2015

Present: Mr. Geraint Harris (N/P)  
Cllrs. Ron Rees & Peter Davies + the Clerk.

All present walked the site and observed the following:

Most of the footpath wooden markers (with carved woodland animals) need attention due to deterioration below ground.

In spite of County Cllr. Mike James contacting Mr. Bennett about the "Throne seat" no remedial work appears to have been carried out!

There are 3 picnic seats on the site - 2 plastic and 1 wooden. the latter needs attention and some replacement wooden parts.

The recently installed steps leading to the will have extra "filling" added in the near future.
