Advising incident in Angle Road
Sadly the police had monitored 10.40pm to 12.30pm, not the times slots we had requested as their operative is on long term sick leave, and no incidents were recorded. They have pointed us in the direction of a web page GoSafe-Snapped, where you can send incidences of bad driving if you are able to catch on dash cams or phones. We would urge all residents to take a look and if able record and send any incidences either directly or via Clerk (email at end.) Members of this community that read our minutes or follow us on FB will be aware of the amount of correspondence we have had with both PCC and Dyfed Powys re our concerns re speed of traffic through Hundleton ,Maidenwells and the new road layout on Angle Road. Anything we can all do to address this problem and prevent a serious accident will be most welcome.
